

## Aim:

This project is an Erasmus+ KA2 Strategic partnership with partners from 6 countries. The aim of this project is the development, testing and implementation of a Europe-wide advanced training as a competence balance trainer of the French model of "Bilan de Compétence".

## International Project Partners:

Belgium

Czech Republic

Germany

Europe

Italy

France

Slovakia

## Main Project Outcome - Curriculum of the certified training

The contents, teaching methods as well as the learning and teaching materials for the developed training of certified competence counsellors are recorded in the curriculum. A modular and specific training has been created based on practical approach and gaining knowledge on main sequences, methods and tools for implementation of the "Bilan de Compétences". The training of certified competence counsellors was classified by the University Rome, according to the EQF (European Qualifications Framework as an initiative of the European Union (EU)).
